Learning Outcome

Michael Damholt(s204151), Mathias Dyhr(s204156),
Khalil Ahmadi(s204161), Christoffer Wejendorp(s204090)

February 2022

Learning Objectives

- Apply Scene Text Recognition (STR) and Optical Character Recognition (OCR) models in a business setting.

- Analyze strengths and weaknesses of OCR models- In what scenarios do the models tend to struggle?

- Evaluate on our decision for confidence measurement and final model.
